

YOUR JELLYVISION TEAM

Depending on your package you will have a whole slew of Jellyvision pals excited to work with you this year!

Here's the lowdown on who does what:

- Your **Account Executive** or **Channel Sales Manager's** goal is to bring in new business. They will work with you and your team at the contracting phase. These folks work with you year 1 only, so if you're a renewal, you probably won't have an Account Executive or Channel Sales Manager in your arsenal this year.
- Your **Account Manager** will be introduced once the contracting business is settled your first year at Jellyvision. After year 1 they will be your go-to year round for any ALEX package questions, to chat all things Marketing and user engagement. You'll meet with them a few times a year to talk about your goals with ALEX, how your employees are engaging with the tool, and more!
- In the weeks leading up to Open Enrollment your **Implementation Manager or Implementation Team** will be your best friends. They will work to make updates to ALEX.
- Do you have Benefits Communications in your ALEX package? If so your **Communications Strategy Manager** will be your communications expert extraordinaire! They will work with you to put together Benefits reminders for your employees that reflect the tone of your company. They will work with you primarily leading up to Open Enrollment.
 - P.S. - not sure if you have Benefits Communications? Touch base with your Account Manager!
